

## **Appendix 1 - Assessment of Benefit**

Benefit will be assessed on the following basis:

- €25,000 per existing home that has been flooded
- €10,000 per existing home at risk of flooding
- €30,000 per commercial premises flooded (This figure might be increased in exceptional cases on the basis of strong justification)
- €400 per hectare of land continuously flooded for at least one month
- €20 per journey where a diversion greater than 30 minutes is caused by flooding
- €160 per day for each home cut off by flooding

**Note:** No benefit may be accorded to potential future development
