

Scheme	Position at March 2014
--------	------------------------

Schemes At Construction

Bray, Co Wicklow	Construction works commenced in March 2012 with the contract initially expected to take two years to complete. However, a dispute arose between Bray Town Council (the contracting authority) and the contractor in relation to design proposals and the contractor referred the matter to third party conciliation. The contractor subsequently entered into Examinership and the contract was mutually terminated in November 2013. 35% of the scheme works had been completed at that time. Bray Town Council and OPW remain committed to completing the Bray flood relief scheme as soon as possible, having regard to seasonal constraints on works in the channel due to environmental factors. The progression of a works programme and procurement issues are being addressed by BTC & OPW.
Carlow Phase B, Co Carlow	Construction works commenced in July 2012 and were completed in January 2013.
Clonmel North & East, Co Tipperary	Construction works commenced in September 2010 and were completed early in 2013.
River Dodder Tidal, Dublin City	Construction works completed in 2013 bar the raising of the parapets on New Bridge at Lansdowne Road which will be completed in 2014.
Fermoy South, Co Cork	Construction works commenced in March 2012 with completion expected before mid-2014.
Mallow South, Co Cork	Construction works completed in Quarter 4, 2013 with snagging to be completed in 2014
Tullamore, Co Offaly	Construction works commenced mid-2012 and were completed in Quarter 4, 2013.
Waterford City Phases 2,3,4	Construction works commenced in Quarter 4, 2012 and are expected to be completed by mid 2014.
Ennis Lower, Co Clare	Construction works commenced May 2013 and are expected to be completed in mid 2014.
Wad River, Dublin City	Construction works commenced in late October 2013 and are expected to be completed by the end of 2014.
