

In accordance with Article 254. 3 (6) of the *Planning and Development Regulations 2001 (as amended)*, the Office of Public Works have made a determination that an Appropriate Assessment is not required as the project is not directly connected with or necessary to the management of the site as European site(s) and as it can be concluded, on the basis of objective information, that the project, individually or in combination with other plans or projects is not likely to have a significant effect on the European site(s) listed in Fig.1.

This determination is based on the nature, scale, duration and location of the works, and the distance to the European site.
